Scouting is a worthwhile cause that truly deserves all of our support. Over 5,000 Scouts in the French Creek Council are currently benefiting from the positive character building programs associated with the Boy Scouts of America. All of the proceeds of this outing will stay here in our local council to keep our local scouting program strong and vibrant. It costs over \$180.00 per year for us to deliver the programs to each scout. Please help us support our efforts.
